## A secret garden in Chelsea

Located just off the King's Road and inspired by the English country garden, Stanley's courtyard bar and restaurant offers a comfortable place for guests to come eat, drink and relax. The outside courtyard booths has been fitted with reclaimed timber screens to enable social distancing with the Orangery and dining room providing beautiful spaces for coffee, lunch, drinks and dinner. Drawing inspiration from the local market, Chef César Murillo utilizes exceptional ingredients at the height of their season. North Pond supports small, local farmers, growers and producers and treats their product with respect and care in the kitchen. The path from earth to plate remains clear and our cuisine reflects the decor of the dining room - layers

Within The Dining Room, an intimate 28-seat fine dining restaurant helmed by ten-time Michelin-starred Executive Chef Jared Wentworth, guests are treated to a hyper-seasonal, refined tasting menu alongside specialty beer pairings curated by Brewmaster Jared Rouben.

In a polished yet warm, minimalist setting, Wentworth's signature fare intersects with Rouben's innovative pairings through the manipulation of temperature, quantity, verticals, tinctures and more – highlighting both the culinary ingredients used in creating each dish as well as Moody Tongue's culinary brewing techniques.
